To establish relation between the two educational institutions to enhance the scientific cooperation between the researchers of the selected projects in both the colleges and to cooperate with each other in the process of inculcating higher level knowledge and sharing resources and experiences in the areas of research for the benefit of students of both the institutions. They may include the organisation of a joint seminar or workshop or experts' visits.

AND WHEREAS the second party has accepted the proposal believing that the academic tie up between the institutions would foster and support the research projects and academia from both the colleges for joint co-development of innovative projects or services. This agreement for the academic ties up between the institutions for a period of three years from the date of this agreement upon the terms and conditions here in after mentioned.

NOW THE Memorandum of understanding witnesses as follows.

1. The purpose of this MoU is to develop academic and scientific cooperation and to promote mutual understanding between the two educational institutions.
2. Both institutions agree and shall endeavour to promote collaborative activities in academic and research areas of mutual interest on a basis of equality and reciprocity.
3. Utilise the service and expertise of the teachers and researchers of the respective colleges for mutual benefit.
4. It is agreed to create a structured forum for peer to peer interaction, experience sharing, and exchange of views among the faculty and students for better networking and synergy.
5. Exchange of graduate and undergraduate students to attend classes, seminars, workshops conducted by the two institutions.
